Young Carers at School

Young Carers generally care for members of their immediate family who may be:

- A parent with an illness, disability, mental health problem or dependency on alcohol or drugs
- An elderly grandparent who is frail, or who has a health problem or disability
- A brother or sister who has a health problem or disability.

At The Winston Churchill School we appreciate that there are many demands on students who provide care and we do our best to meet the needs of Young Carers in school.

It would help us greatly to know if there are any family circumstances, such as disability or long-term illness, which mean that extra support might be needed for your son/daughter. Alternatively, if your child is already registered as a Young Carer then please let us know who they are registered with so we can continue to offer support.

If this is the case, please complete the form below and return for the attention of Mrs Taylor.

If you would prefer, you can email d.taylor@wcsc.org.uk. All information will be treated in strict confidence.
