

## The Winston Churchill School

### CHILD PROTECTION POLICY: SAFEGUARDING CHILDREN

Review by:	SLT/Child Protection Team
Adopted by the Full Governing Body:	
Next review:	September 2021

**Governor Lead:** Andy Erskine    **Nominated Lead Member of Staff:** Joanne Mellor & Janet Sigrist  
**Headteacher:** Mrs Zoë Johnson-Walker    **Chair of Governors:** David Barter

#### **Coronavirus Pandemic: Child protection during the COVID-19 measures**

The school has taken all reasonable steps to put in place provisions to protect all members of the school community but with particular regard to children being educated at home. Schools have been asked to provide care for children who are vulnerable and children whose parents are critical to the COVID-19 response and cannot be safely cared for at home.

Refer to Annex to the Child Protection Policy attached.

#### **Aim:**

To provide a caring, positive, safe and stimulating environment that supports and promotes the social, academic, physical and moral development of each and every child at The Winston Churchill School.

## Objectives

- To support the child's development in ways that will foster security, confidence and independence.
- To provide an environment in which children and young people feel safe, secure, valued and respected, and feel confident to, and know how to approach adults if they are in difficulties, believing they will be effectively listened to.
- To raise the awareness of all teaching and non-teaching staff of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse. (Appendices 1 & 2)
- To provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure we, the school, contribute to assessments of need and support packages for those children.
- To emphasise the need for good levels of communication between all members of staff.
- To develop a structured procedure within the school which will be followed by all members of the school community in cases of suspected abuse.
- To develop and promote effective working relationships, including the sharing of information with professional colleagues and agencies, especially, NW Surrey Clinical Commissioning Group the Police and Social Care.
- To ensure that all staff working within our school who have substantial access to children have been checked as to their suitability, including verification of their identity, qualifications, and a satisfactory DBS check (according to guidance)<sup>1</sup>, and a single central record is kept for audit.

We comply with the Disqualification under the Childcare Act 2006 guidance issued in February 2015.

## 1.0 Introduction

- 1.1 This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004; the Education Act 2002, and in line with government publications: Working Together to Safeguard Children 2018, Revised Safeguarding Statutory Guidance 2 'Framework for the Assessment of Children in Need and their Families' 2000, 'What to do if You are Worried a Child is Being Abused' 2015. The guidance reflects, both Keeping Children Safe in Education 2020 and Surrey Safeguarding Children Board SSCB Child Protection Procedures<sup>2</sup>
- 1.2 The Governing body takes seriously its responsibilities under section 175/157 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure clear arrangements within our school to identify, assess, and support those children who are suffering harm are in place and The School Staffing (England) Regulations 2009, which set out what must be recorded on the single central record and the requirement for at least one person conducting an interview to be trained in safer recruitment techniques.
- 1.3 We recognise that all adults, including temporary staff<sup>3</sup>, volunteers and governors, have a full and active part to play in protecting our students from harm, and that the child's welfare is our paramount concern.
- 1.4 All staff are committed to providing a caring, positive safe and stimulating environment that promotes the social, physical and moral development of the individual child.

## 2.0 Safe School, Safe Staff

---

<sup>1</sup> Guidance regarding DBS checks recently updated by the Protection of Freedoms Act 2012

<sup>2</sup> The SSCB Child protection Procedures are only available online at [www.surreycc.gov.uk/safeguarding](http://www.surreycc.gov.uk/safeguarding)

<sup>3</sup> Wherever the word "staff" is used, it covers ALL staff on site, including ancillary supply and self employed staff, contractors, volunteers working with children etc, and governors

## 2.1 We will ensure that:

- 2.1.1 All members of the governing body understand and fulfil their responsibilities, namely to ensure that:
- the school operates safer recruitment procedures by ensuring that there is at least one person on every recruitment panel that has completed Safer Recruitment training
  - the school has procedures for dealing with allegations of abuse against staff (including the Headteacher) and volunteers and to make a referral to the DBS if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have had they not resigned.
  - 2 senior leaders have been appointed as the Designated Safeguarding Leads (DSLs), and that this role is made explicit in their job description
  - upon appointment, the DSLs undertake 'Surrey Safeguarding Children Partnership' training (SSCP Modules 1&2) and also undertake DSL 'New to Role' and the 'Update course' every 2 years. They will also attend the Surrey Network meetings as part of their expected training.
  - all other staff have Safeguarding training updated as appropriate and in line with the current legislation
  - serious or rare cases, the Headteacher will trigger a case review and the team will scrutinise procedures and actions. This may ultimately lead to amendments to strengthen the school's response.
  - a member of the Governing Body (usually the Chair) is nominated to liaise with the LA on Child Protection issues and in the event of an allegation of abuse made against the Headteacher
  - Child Protection policies and procedures are reviewed annually and that the Child Protection policy is available on the school website or by other means
  - the Governing Body considers how children may be taught about safeguarding. This may be part of a broad and balanced curriculum covering relevant issues through personal, social, health and citizenship education (PSHCE) and through relationship and sex education (RSE) and through Winston Extra
- 2.1.2 The DSLs, Joanne Mellor and Janet Sigris, are members of the Senior Leadership Team. The Deputy DSL is Natalie Cotter. The DSLs have undertaken the compulsory training delivered through the SSCP (Modules 1&2), and have completed the 'DSL New to Role' training. They will complete the biannual training when applicable and attend termly Surrey network meetings.
- 2.1.3 The DSLs, who are involved in recruitment and at least one member of the governing body will also complete Safer Recruitment Training. This will be repeated every 5 years. Also, all members of SLT will complete safer recruitment training and will consult with DSL with regard to any issues identified whilst going through the recruitment process.
- 2.1.4 All members of staff and volunteers are provided with child protection awareness information at induction, included in their arrival pack, the school safeguarding statement of procedures so that they know who to discuss a concern with.
- 2.1.5 All members of staff are trained in and receive regular updates in e-safety and reporting concerns (Ref Appendix 3)
- 2.1.6 All other staff and governors, have child protection awareness training, updated by the DSLs as appropriate, to maintain their understanding of the signs and indicators of abuse.
- 2.1.7 All members of staff, volunteers, and governors know how to respond to a student who discloses abuse through delivery of 'Working together to Safeguard Children', and 'What to do if you suspect a Child is being Abused' (2015)
- 2.1.8 All parents/carers are made aware of the responsibilities of staff members with regard to child protection procedures through publication of the school's Child Protection Policy.
- 2.1.9 Our lettings policy will seek to ensure the suitability of adults working with children on school sites at any time.
- 2.1.10 Community users organising activities for children are aware of the school's child protection guidelines and procedures.
- 2.1.11 We will ensure that child protection concerns or allegations against adults working in the school are referred to the LADO<sup>4</sup> for advice, and that any member of staff found not suitable

---

<sup>4</sup> LADO Local Authority Designated Officer for allegations against staff. AEO Area Education Officer or Duty LADO via 0300 200 1006.

to work with children will be notified to the Disclosure and Barring Service (DBS)<sup>5</sup> for consideration for barring, following resignation, dismissal, or when we cease to use their service as a result of a substantiated allegation, in the case of a volunteer.

- 2.2 Our procedures will be regularly reviewed and up-dated.
- 2.3 The name of the designated members of staff for Child Protection, the Designated Safeguarding Lead and deputies, will be clearly advertised in the school, with a statement explaining the school's role in referring and monitoring cases of suspected abuse.
- 2.4 All new members of staff will be given a copy of our safeguarding statement, and Child Protection policy, with the DSLs' names clearly displayed, as part of their induction into the school. Photographs of the DSL Team are displayed in every room of the school and on FROG.
- 2.5 The policy is available publicly on the school website. Parents/carers are made aware of this policy and their entitlement to have a copy of it via the school website
- 2.6 All staff will be given a copy of part 1 of Keeping Children Safe in Education 2020 and will sign that they have read and understood it. Similarly, this applies to the Governing Body in relation to part 2 of the same statutory guidance.

### 3.0 Responsibilities

- 3.1 The DSLs are responsible for:
  - 3.1.1 Referring a child if there are concerns about possible abuse, to C-SPA (the Children's Single Point of Access) and acting as a focal point for staff to discuss concerns. Referrals should be made in writing, following a telephone call using the Request for Support Form.
  - 3.1.2 Keeping written and/or electronic records of concerns about a child even if there is no need to make an immediate referral.
  - 3.1.3 Ensuring that all such records are kept confidentially and securely and are separate from student records, until the child's 25<sup>th</sup> birthday, and are forwarded on to the child's next school or college. Only the Head teacher and DSLs have access to these files.
  - 3.1.4 Will ensure that when a student leaves the school, their child protection file is passed to the new school (separately from the main student file) and ensuring secure transit by delivery or special postal delivery) and that confirmation of receipt is obtained.
  - 3.1.5 A copy of the CP file will be retained by the school until such time that the new school acknowledges receipt of the original file. The copy can then be shredded.
  - 3.1.6 Ensuring that an indication of the existence of the additional file in 3.1.3 above is marked on the student records.
  - 3.1.7 Liaising with other agencies and professionals.
  - 3.1.8 Ensuring that either they or an appropriate staff member attend case conferences, core groups, or other multi-agency planning meetings, contribute to assessments, and provide a report which has been shared with the parents.
  - 3.1.9 Ensuring that any student currently with a child protection plan who is absent in the educational setting without explanation for two days is referred to their key worker's Social Care Team.
  - 3.1.10 Organising child protection induction, and annual update training for all school staff.
  - 3.1.11 Providing, with the Headteacher and Chair of Governors, and contributing to the "Audit of Statutory Duties and Associated Responsibilities" to be submitted to the Education Safeguarding Team at Surrey County Council annually.
  - 3.1.12 Having a working knowledge of SSCB procedures.
  - 3.1.13 Having responsibility for safeguarding and child protection in the school, Working under the guidance of the Headteacher

#### 3.2 The Deputy Designated Safeguarding Lead(s)

---

<sup>5</sup> Contact the LADO for guidance in any case

Are trained to the same standard as the Designated Safeguarding Leads and, in the absence of the DSL, carries out those functions necessary to ensure the ongoing safety and protection of students. In the event of the long-term absence of the DSLs the deputy will assume all of the functions above.

### 3.3 The Headteacher is responsible for;

- 3.3.1 the Child Protection and Safeguarding Policy and procedures being implemented and followed by all staff
- 3.3.2 ensuring that sufficient time, training, support, resources, including cover arrangements where necessary, is allocated to the DSLs and deputy(ies) DSL(s) to carry out their roles effectively, including the assessment of pupils, attendance at strategy discussions and other necessary meetings
- 3.3.3 where there is a safeguarding concern that the child's wishes and feelings are taken into account when determining what action to take and what services to provide**
- 3.3.4 systems being in place for children to express their views and give feedback which operate with the best interest of the child at heart**
- 3.3.5 all staff feeling able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the whistle-blowing procedures
- 3.3.6 pupils being provided with opportunities throughout the curriculum to learn about safeguarding, including keeping themselves safe online

### 3.4 All School Staff

- 3.4.1 Understand that it is everyone's responsibility to safeguard and promote the welfare of children and that they have a role to play in identifying concerns, sharing information and taking prompt action
- 3.4.2 Consider, at all times, what is in the best interests of the child**
- 3.4.3 Know how to respond to a pupil who discloses abuse through delivery of 'Working together to Safeguard Children', and 'What to do if you suspect a Child is being Abused' (2015)
- 3.4.4 Will refer any safeguarding or child protection concerns to the DSL or if necessary where the child is at immediate risk to the police or Children's Social Care;
- 3.4.5 Will provide a safe environment in which children can learn
- 3.4.6 Are aware of the Early Help<sup>6</sup> process and understand their role within it including identifying emerging problems for children who may benefit from an offer of Early Help, liaising with the DSLs in the first instance and supporting other agencies and professionals in an early help assessment through information sharing. In some cases staff may act as the Lead Professional in Early Help Cases.
- 3.4.7 Will provide a safe environment in which children can learn;

## 4.0 Supporting Children

- 4.1 We recognise that a child who is abused or witnesses violence may feel helpless and humiliated, may blame themselves, and find it difficult to develop and maintain a sense of self worth.
- 4.2. We recognise that the school may provide the only stability in the lives of children who have been abused or who are at risk of harm.
- 4.3. We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.
- 4.4. Our school will support all children by:
  - 4.4.1 encouraging self-esteem and self-assertiveness, through the curriculum as well as our relationships, whilst not condoning aggression or bullying;
  - 4.4.2 recognising that they are capable of abusing their peers. Any report of peer on peer abuse will not be passed off as 'banter' or 'part of growing up' (KCSIE 2020).
  - 4.4.3 Promoting a caring, safe and positive environment within the school.
  - 4.4.4 Liaising and working together with all other support services and those agencies involved in the safeguarding of children;

---

<sup>6</sup> Detailed information on early help can be found in Chapter 1 of [Working together to safeguard children](#)

- 4.4.5 Notifying Social Care as soon as there is a significant concern;
- 4.4.6 Providing continuing support to a child about whom there have been concerns who leaves the school by ensuring that appropriate information is copied under confidential cover to the child's new setting and ensuring the school medical records are forwarded as a matter of priority;
- 4.4.7 Complying with a section 47 investigation carried out by the police and social services, although parents may not be aware of the allegations;
- 4.4.8 Complying with investigations into honour crimes, although parents may not be aware of the allegations;
- 4.4.9 Teaching them (students) to understand and manage risk through our PSHCE education and Relationship and Sex Education and through all aspects of school life. This includes online safety.

## 5.0 Private Fostering

A private fostering arrangement occurs when someone other than a parent or close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16 or 18 if the child is disabled. Children looked after by the local authority or who are placed in residential schools, children's homes or hospitals are not considered to be privately fostered. By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify children's services as soon as possible. However, where a member of staff becomes aware that a student may be in a private fostering arrangement they will raise this with the DSL and the DSL will notify Surrey Children's Social Care of the circumstances.

## 6.0 Children Looked After

- 6.1 The designated teachers for children looked after are the DSLs, who have details of the child's social worker and the name and contact details of the Surrey County Council's virtual school head for children in care.
- 6.2 The designated teachers for children looked after work with the virtual school head to discuss how funding can be best used to support the progress of looked after children in the school and meet the needs in the child's personal education plan.

## 7.0 Children Missing Education

- 7.1 The DSLs will monitor unauthorised absences and take appropriate action including notifying the local authority particularly where children go missing on repeat occasions and/or are missing for periods during the school day in conjunction with 'Children Missing Education: Statutory Guidance for Local Authorities.

## 8.0 Young Carers

At The Winston Churchill School, we believe that all children and young people have the right to an education, regardless of what is happening at home. When a young person looks after someone in their family who has a serious illness, disability or substance misuse problem, he or she may need extra support to help him or her get the most out of school.

The Winston Churchill School will support Young Carers by:

- 8.1 Having a member of staff with special responsibility for young carers and lets all new students know who they are and what they can do to help.
- 8.2 Including PSHE lessons on the challenges faced by young carers. Having a weekly Young Carers drop in where Young Carers can meet together and be supported.
- 8.3 Including Surrey Young Carers within the assembly programme.
- 8.4 Promoting Surrey Young Carers to our students and their families.
- 8.5 Being accessible to parents who have mobility and communication difficulties and involves them in parents' evenings.
- 8.6 By respecting the right to privacy by only sharing information about them and their families with people who are involved in supporting them.
- 8.7 Considering alternatives if a young carer is unable to attend out of school activities e.g. detention, sports coaching, concerts, due to their caring role.

- 8.8 Complying with the Disability Discrimination Act by offering disabled parents support to get their children into school.

## 9.0 Confidentiality

- 9.1 We recognise that all matters relating to child protection are confidential and only share information according to 'GDPR and the Data Protection Act 2018' and 'Working Together to safeguard Children 2018'.
- 9.2 The Headteacher or DSLs will disclose any information about a child to other members of staff on a need to know basis only.<sup>7</sup>
- 9.3 All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.
- 9.4 All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing.
- 9.5 We will always undertake to share our intention to refer a child to Social Care with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with C-SPA (the Children's Single Point of Access)
- 9.6 The Data Protection Act (DPA) 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- 9.7 If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent, if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk.

## 10.0 Supporting Staff

We recognise that staff working in the school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm, may find the situation stressful and upsetting.

- 10.1 We will support such staff by providing an opportunity to talk through their anxieties with the DSLs and to seek further support as appropriate.

## 11.0 Allegations against staff

- 11.1.1 All school staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents to be conducted in view of other adults.
- 11.1.2 All staff should be aware of Surrey's Guidance on Behaviour Issues, and the school's own Behaviour policy.
- 11.1.3 Guidance about conduct and safe practice, including safe use of mobile phones and social media by staff and volunteers will be given at induction<sup>8</sup> and annually updated.

---

<sup>7</sup> Guidance about sharing information, can be found in the DfE booklet 'Information sharing guidance for practitioners and managers' DCSF-00807-2008

<sup>8</sup> Refer to "Guidance for Safe Working Practice for the Protection of Children and Staff in Education Settings" available on the DfE website, also the [SCC E-safety toolkit](#)

- 11.2 We understand that a student may make an allegation against a member of staff.
- 11.3 If such an allegation is made, or information is received which suggests that a person may be unsuitable to work with children, the member of staff receiving the allegation or aware of the information, will immediately inform the Headteacher<sup>9</sup>.
- 11.4 The Headteacher on all such occasions will discuss the content of the allegation with the Local Authority Designated Officer (LADO)<sup>10</sup> at the earliest opportunity.
- 11.5 If the allegation made to a member of staff concerns the Headteacher, the person receiving the allegation will immediately inform the Chair of Governors who will consult as in 7.6 above, without notifying the Headteacher first.
- 11.6 The school will follow the school's procedures for managing allegations against staff.
- 11.7 Suspension of the member of staff, excluding the Headteacher, against whom an allegation has been made, needs careful consideration, and the Headteacher will seek the advice of the LADO and HR Consultant in making this decision.
- 11.8 In the event of an allegation against the Headteacher, the decision to suspend will be made by the Chair of Governors with advice as in 7.8 above.
- 11.11 We have a procedure for managing the suspension of a contract for a community user in the event of an allegation arising in that context.

## **12.0 Whistle-blowing**

- 12.1 We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.
- 12.2 All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues. If it becomes necessary to consult outside the school, they should speak in the first instance, to the Area Education Officer/LADO following the Whistleblowing Policy.
- 12.3 Whistle-blowing regarding the Headteacher should be made to the Chair of the Governing Body whose contact details are readily available to staff.

## **13.0 Physical Intervention**

- 13.1 We acknowledge that staff should only ever use physical intervention as a last resort and in line with KCSIE 2020 'the decision to use reasonable force to control or restrain a child is down to the professional judgement of the staff concerned' and the school's Behaviour Policy, when a child is endangering him/herself or others, and that at all times it should be the minimal force necessary to prevent injury to another person or themselves.
- 13.2 Such events should be recorded and signed by a witness and logged centrally by the school.
- 13.3 We understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection or disciplinary procedures.
- 13.4 We recognise that touch is appropriate in the context of working with children, and all staff have been given 'Safe Practice' guidance to ensure they are clear about their professional boundaries<sup>11</sup>, in line with the school Behaviour Policy.

---

<sup>9</sup> or Chair of Governors in the event of an allegation against the Headteacher

<sup>10</sup> Duty LADO 0300 200 1006

<sup>11</sup> 'Guidance on Safer Working Practices is available on the DfE website

## **14.0 Anti-Bullying/Cyberbullying**

- 14.1 Our school policy on anti-bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures. This includes all forms. E.g. cyber, racist, homophobic and gender related bullying. We keep a record of known bullying incidents. All staff are aware that children with SEND, LGBTQ+, and/or perceived differences are more susceptible to being bullied / victims of child abuse.

## **15.0 Online Safety**

- 15.1 Our students increasingly use electronic equipment on a daily basis to access the internet and share and view content and images via social media sites such as, Whats App, Instagram and Snapchat
- 15.2 It is recognised that, some adults and other children use these technologies to harm children. The harm might range from sending hurtful or abusive texts or emails, to grooming and enticing children to engage in extremist or sexual behaviour such as webcam photography or face-to-face meetings. Students may also be distressed or harmed by accessing inappropriate material such as pornographic websites or those which promote extremist behaviour, criminal activity, suicide or eating disorders
- 15.3 The Winston Churchill School has an E-safety safety policy which explains how we aim to keep students safe online and how we respond to related incidents (See flowchart, Appendix 4).
- 15.4 The school online safety co-ordinator is Rachel Smith.

## **16.0 Prevent and Extremism**

- 12.1 Since 2010, when the Government published the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism.
- 12.2 The Winston Churchill School values freedom of speech and the expression of beliefs / ideology as fundamental rights underpinning British values. Both students and teachers have the right to speak freely and voice their opinions. However, freedom comes with responsibility and free speech that is designed to manipulate the vulnerable or that leads to violence and harm of others goes against the moral principles in which freedom of speech is valued. Free speech is not an unqualified privilege; it is subject to laws and policies governing equality, human rights, community safety and community cohesion.
- 12.3 The current threat from terrorism in the United Kingdom may include the exploitation of vulnerable people, to involve them in terrorism or in activity in support of terrorism. The normalisation of extreme views may also make children and young people vulnerable to future manipulation and exploitation. The Winston Churchill School is clear that this exploitation and radicalisation should be viewed as a safeguarding concern.
- 12.4 Definitions of radicalisation and extremism, and indicators of vulnerability to radicalisation are in Appendix 3.
- 12.5 The Winston Churchill School seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or to Far Right / Neo Nazi / White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.
- 12.6 The school governors, the Headteacher and the Designated Safeguarding Leads (DSL) will assess the level of risk within the school and put actions in place to reduce that risk. Risk assessment may include, the use of school premises by external agencies, applying the anti-bullying policy and other issues specific to the school's profile, community and philosophy.
- 12.7 This will be reviewed as part of the annual "Audit of Statutory Duties and Associated Responsibilities" that is monitored by the local authority and the Surrey Safeguarding Children Board.
- 12.8 When any member of staff has concerns that a student may be at risk of radicalisation or involvement in terrorism, they should speak with the Headteacher and/ or to the DSLs. They should then follow normal safeguarding procedures. If the matter is urgent then Surrey Police must be contacted by dialling 999. In non urgent cases where police advice is sought then dial 101 and ask to speak to the Surrey Police Prevent Coordinator. The Department of Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).

- 12.9 Numerous factors can contribute to and influence the range of behaviours that are defined as violent extremism, but most young people do not become involved in extremist action. For this reason the appropriate interventions in any particular case may not have any specific connection to the threat of radicalisation, for example they may address mental health, relationship or drug/alcohol issues.

## **17.0 Prevention**

- 13.1 We recognise that the school plays a significant part in the prevention of harm to our children by providing children with good lines of communication with trusted adults, supportive friends and an ethos of protection.
- 13.2 The school will therefore:
- 13.2.1 work to establish and maintain an ethos where children feel secure and are encouraged to talk and are always listened to;
  - 13.2.1 include regular consultation with children e.g. through safety questionnaires, participation in anti-bullying week, Be Smart Be Safe Days
  - 13.2.2 ensure that all children know there is an adult in the school whom they can approach if they are worried or in difficulty;
  - 13.2.3 include safeguarding across the curriculum, including PSHCE, opportunities which equip children with the skills they need to stay safe from harm and to know to whom they should turn for help. In particular this will include anti-bullying work, e-safety, road safety, pedestrian and cycle training. Also focussed work in Year 6 prepares students for transition to secondary school and more personal safety/independent travel;
  - 13.2.4 ensure all staff are aware of school guidance for their use of mobile technology and have discussed safeguarding issues around the use of mobile technologies and their associated risks.

## **18 Health & Safety**

Our Health and Safety and E-safety policies, set out in separate documents, reflect the consideration we give to the protection of our children both physically within the school environment, and for example in relation to internet use, and when away from the school and when undertaking school trips and visits.

## **19 Monitoring and Evaluation**

Our Child Protection Policy and procedures will be monitored and evaluated through:

- Link Safeguarding Governor visits to the school and written monitoring reports
- SLT 'drop ins' and discussions with children and staff
- Student surveys and questionnaires
- Scrutiny of trends from analysis of 'My Concern'
- Case reviews
- Scrutiny of attendance data
- Scrutiny of range a of risk assessments
- Scrutiny of Governing Body minutes
- Logs of bullying/racist/behaviour incidents monitored by senior staff and the Governing Body.
- Review of parental concerns and parent questionnaires
- External consultant reviews

## **20.0 Notifying Parents**

- 20.1 The School will normally seek to discuss any concerns about a student with their parents. This must be handled sensitively and the DSLs will make contact with the parent in the event of a concern, suspicion or disclosure.
- 20.2 However, if the school believes that notifying parents could increase the risk to the child or exacerbate the problem, advice will first be sought from children's social care.

20.3 Where there are concerns about forced marriage or honour based violence, parents should not be informed a referral is being made, as to do so may place the child at a significantly increased risk.

## 21 The Child Protection Team

- Ms J Sigrist & Mrs J Mellor – Lead Designated Senior Leads (DSLs)
- Mrs N Cotter – Deputy Designated Safeguarding Lead
- Ms M Adams – Designated Safeguarding Lead
- Miss I Hazzlewood – Designated Safeguarding Lead
- Miss R Knight – Designated Safeguarding Lead

## Appendix 1

### Recognising signs of child abuse

#### Categories of Abuse:

- Physical Abuse
- Emotional Abuse (including Domestic Abuse)
- Sexual Abuse
- Neglect

#### Signs of Abuse in Children:

The following non-specific signs may indicate something is wrong:

- Significant change in behaviour
- Extreme anger or sadness
- Aggressive and attention-seeking behaviour
- Suspicious bruises with unsatisfactory explanations
- Lack of self-esteem
- Self-injury
- Depression
- Age inappropriate sexual behaviour
- Child Sexual Exploitation.

#### Risk Indicators

The factors described in this section are frequently found in cases of child abuse. Their presence is not proof that abuse has occurred, but:

- Must be regarded as indicators of the possibility of significant harm
- Justifies the need for careful assessment and discussion with the DSL, (or in their absence the Headteacher)
- May require consultation with and / or referral to Children's Services

The absence of such indicators does not mean that abuse or neglect has not occurred.

In an abusive relationship the child may:

- Appear frightened of the parent(s)/carer(s)
- Act in a way that is inappropriate to her/his age and development (though full account needs to be taken of different patterns of development and different ethnic groups)

The parent or carer may:

- Persistently avoid child health promotion services and treatment of the child's episodic illnesses
- Have unrealistic expectations of the child
- Frequently complain about/to the child and may fail to provide attention or praise (high criticism/low warmth environment)
- Be absent or misusing substances
- Persistently refuse to allow access on home visits
- Be involved in domestic abuse

Staff should be aware of the potential risk to children when individuals, previously known or suspected to have abused children, move into the household.

## **Recognising Physical Abuse**

The following are often regarded as indicators of concern:

- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury
- Unexplained delay in seeking treatment
- The parents/carers are uninterested or undisturbed by an accident or injury
- Parents/carers are absent without good reason when their child is presented for treatment
- Repeated presentation of minor injuries (which may represent a “cry for help” and if ignored could lead to a more serious injury)
- Marks on wrists or ankles (as if tied)
- Family use of different doctors and A&E departments
- Reluctance to give information or mention previous injuries

## **Bruising**

Children can have accidental bruising, but the following must be considered as non accidental unless there is evidence or an adequate explanation provided:

- Two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally
- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used e.g. belt marks, hand prints or a hair brush
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Bruising on the arms, buttocks and thighs may be an indicator of sexual abuse

## **Bite Marks**

Bite marks can leave clear impressions of the teeth. Human bite marks are oval or crescent shaped. Those over 3 cm in diameter are more likely to have been caused by an adult or older child.

A medical opinion should be sought where there is any doubt over the origin of the bite.

## **Burns and Scalds**

It can be difficult to distinguish between accidental and non-accidental burns and scalds, and will always require experienced medical opinion. Any burn with a clear outline may be suspicious e.g.:

- Circular burns from cigarettes (but may be friction burns if along the bony protuberance of the spine)
- Linear burns from hot metal rods or electrical fire elements
- Burns of uniform depth over a large area
- Scalds that have a line indicating immersion or poured liquid (a child getting into hot water on his/her own accord will struggle to get out and cause splash marks)
- Old scars indicating previous burns/scalds which did not have appropriate treatment or adequate explanation

## **Fractures**

Fractures may cause pain, swelling and discolouration over a bone or joint.

Non-mobile children rarely sustain fractures.

There are grounds for concern if:

- The history provided is vague, non-existent or inconsistent with the fracture type
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement

## **Scars**

A large number of scars or scars of different sizes or ages, or on different parts of the body, may suggest abuse.

## **Recognising Emotional Abuse**

Emotional abuse may be difficult to recognise, as the signs are usually behavioural rather than physical. The manifestations of emotional abuse might also indicate the presence of other kinds of abuse.

The indicators of emotional abuse are often also associated with other forms of abuse.

The following may be indicators of emotional abuse:

- Developmental delay
- Abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or not attachment
- Indiscriminate attachment or failure to attach
- Aggressive behaviour towards others
- Scape-goated within the family
- Frozen watchfulness, particularly in pre-school children
- Low self esteem and lack of confidence
- Withdrawn or seen as a "loner" – difficulty relating to others

## **Recognising Signs of Sexual Abuse**

Boys and girls of all ages may be sexually abused and are frequently scared to say anything due to guilt and/or fear. This is particularly difficult for a child to talk about and full account should be taken of the cultural sensitivities of any individual child/family.

Recognition can be difficult, unless the child discloses and is believed. There may be no physical signs and indications are likely to be emotional/behavioural.

Some behavioural indicators associated with this form of abuse are:

- Inappropriate sexualised conduct
- Sexually explicit behaviour, play or conversation, inappropriate to the child's age
- Continual and inappropriate or excessive masturbation
- Self-harm (including eating disorder), self mutilation and suicide attempts
- Involvement in prostitution or indiscriminate choice of sexual partners
- An anxious unwillingness to remove clothes e.g. for sports events (but this may be related to cultural norms or physical difficulties)

Some physical indicators associated with this form of abuse are:

- Pain or itching of genital area

- Blood on underclothes
- Pregnancy in a younger girl where the identity of the father is not disclosed
- Physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing

### **Recognising Peer on Peer Abuse**

In most instances, the conduct of students towards each other will be covered by our behaviour policy. However, some allegations may be of such a serious nature that they may raise safeguarding concerns. The Winston Churchill School recognises that children are capable of abusing their peers. It will not be passed off as 'banter' or 'part of growing up'. The forms of peer on peer abuse are outlined below.

- Domestic abuse – an incident or pattern of actual or threatened acts of physical, sexual, financial and/or emotional abuse, perpetrated by an adolescent against a current or former dating partner regardless of gender or sexuality.
- Child Sexual Exploitation – children under the age of 18 may be sexually abused in the context of exploitative relationships, contexts and situations by peers who are also under 18.
- Harmful Sexual Behaviour – Children and young people presenting with sexual behaviours that are outside of developmentally 'normative' parameters and harmful to themselves and others (For more information, please see Appendix 2).
- Serious Youth Violence – Any offence of most serious violence or weapon enabled crime, where the victim is aged 1-19' i.e. murder, manslaughter, rape, wounding with intent and causing grievous bodily harm. 'Youth violence' is defined in the same way, but also includes assault with injury offences.
- Research indicates that young people rarely disclose peer on peer abuse and that if they do, it is likely to be to their friends. Therefore, The Winston Churchill School will also educate pupils in how to support their friends if they are concerned about them, that they should talk to a trusted adult in the school and what services they can contact for further advice.
- Any concerns, disclosures or allegations of peer on peer abuse in any form should be referred to the DSL using The Winston Churchill School's child protection procedures as set out in this policy. Where a concern regarding peer on peer abuse has been disclosed to the DSL(s), advice and guidance will be sought from Children Social Care and where it is clear a crime has been committed or there is a risk of crime being committed the Police will be contacted.

### **Youth produced sexual imagery (sexting) <sup>12</sup>**

- The practice of children sharing images and videos via text message, email, social media or mobile messaging apps has become commonplace. However, this online technology has also given children the opportunity to produce and distribute sexual imagery in the form of photos and videos. Such imagery involving anyone under the age of 18 is illegal. Youth produced sexual imagery refers to both images and videos where:
- A person under the age of 18 creates and shares sexual imagery of themselves with a peer under the age of 18.
- A person under the age of 18 shares sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult.
- A person under the age of 18 is in possession of sexual imagery created by another person under the age of 18.
- All incidents of this nature should be treated as a safeguarding concern and in line with the UKCCIS guidance 'Sexting in schools and colleges: responding to incidents and safeguarding young people'<sup>13</sup>.
- If a member of staff becomes aware of an incident involving youth produced sexual imagery they should follow the child protection procedures and refer to the DSL as soon as possible. The member of staff should confiscate the device involved and set it to flight mode or, if this is not possible, turn it off. Staff should not view, copy or print the youth produced sexual imagery.
- Immediate referral at the initial review stage should be made to Children's Social Care/Police if the incident involves an adult.

<sup>12</sup> Youth refers to anyone under the age of 18.

<sup>13</sup>[https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/545997/Sexting\\_in\\_schools\\_and\\_colleges\\_UKCCI\\_S\\_\\_4\\_.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/545997/Sexting_in_schools_and_colleges_UKCCI_S__4_.pdf)

## Sexual Abuse by Young People

The boundary between what is abusive and what is part of normal childhood or youthful experimentation can be blurred. The determination of whether behaviour is developmental, inappropriate or abusive will hinge around the related concepts of true consent, power imbalance and exploitation. This may include children and young people who exhibit a range of sexually problematic behaviour such as indecent exposure, obscene telephone calls, fetishism, bestiality and sexual abuse against adults, peers or children.

**Developmental Sexual Activity** encompasses those actions that are to be expected from children and young people as they move from infancy through to an adult understanding of their physical, emotional and behavioural relationships with each other. Such sexual activity is essentially information gathering and experience testing. It is characterised by mutuality and of the seeking of consent.

**Inappropriate Sexual Behaviour** can be inappropriate socially, inappropriate to development, or both. In considering whether behaviour fits into this category, it is important to consider what negative effects it has on any of the parties involved and what concerns it raises about a child or young person. It should be recognised that some actions may be motivated by information seeking, but still cause significant upset, confusion, worry, physical damage, etc. It may also be that the behaviour is “acting out” which may derive from other sexual situations to which the child or young person has been exposed. If an act appears to have been inappropriate, there may still be a need for some form of behaviour management or intervention. For some children, educative inputs may be enough to address the behaviour.

Abusive sexual activity including any behaviour involving coercion, threats, aggression together with secrecy, or where one participant relies on an unequal power base.

## Assessment (by CP team only)

In order to more fully determine the nature of the incident the following factors should be given consideration. The presence of exploitation in terms of:

- **Equality** – consider differentials of physical, cognitive and emotional development, power and control and authority, passive and assertive tendencies
- **Consent** – agreement including all the following:
  - Understanding that is proposed based on age, maturity, development level, functioning and experience
  - Knowledge of society's standards for what is being proposed
  - Awareness of potential consequences and alternatives
  - Assumption that agreements or disagreements will be respected equally
  - Voluntary decision
  - Mental competence
- **Coercion** – the young perpetrator who abuses may use techniques like bribing, manipulation and emotional threats of secondary gains and losses that is loss of love, friendship, etc. Some may use physical force, brutality or the threat of these regardless of victim resistance.

In evaluating sexual behaviour of children and young people, the above information should be used only as a guide. Further information and advice to assist in identifying and responding appropriately to sexual behaviour is available from the Brook Sexual Behaviours Traffic Light Tool. Assessment, Consultation and Therapy (ACT) 01306 745310 can also assist professionals in identifying sexual behaviour of concern in children and adolescents.

## Recognising Neglect

Evidence of neglect is built up over a period of time and can cover different aspects of parenting. Indicators include:

- Failure by parents or carers to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene and medical care
- A child seen to be listless, apathetic and irresponsible with no apparent medical cause.
- A child who is regularly in school very early and/or late leaving
- Failure of a child to grow within normal expected pattern, with accompanying weight loss
- Child thrives away from home environment
- Child frequently absent from school
- Child left with adults who are intoxicated or violent
- Child abandoned or left alone for excessive periods

### **Child Sexual Exploitation**

Staff should refer to Part A of “Child Sexual Exploitation: Definition and a guide for practitioners, local leaders and decision makers working to protect children from sexual exploitation” (2017) for comprehensive guidance on Child Sexual Exploitation.

The following list of indicators is not exhaustive or definitive but it does highlight common signs which can assist professionals in identifying children or young people who may be victims of sexual exploitation.

Signs include:

- underage sexual activity
- inappropriate sexual or sexualised behaviour
- sexually risky behaviour, 'swapping' sex
- repeat sexually transmitted infections
- in girls, repeat pregnancy, abortions, miscarriage
- receiving unexplained gifts or gifts from unknown sources
- having multiple mobile phones and worrying about losing contact via mobile
- having unaffordable new things (clothes, mobile) or expensive habits (alcohol, drugs)
- changes in the way they dress
- going to hotels or other unusual locations to meet friends
- seen at known places of concern
- moving around the country, appearing in new towns or cities, not knowing where they are
- getting in/out of different cars driven by unknown adults
- having older boyfriends or girlfriends
- contact with known perpetrators
- involved in abusive relationships, intimidated and fearful of certain people or situations
- hanging out with groups of older people, or anti-social groups, or with other vulnerable peers
- associating with other young people involved in sexual exploitation
- recruiting other young people to exploitative situations
- patterns of absence, maybe around a weekend or absent with another student
- truancy, exclusion, disengagement with school, opting out of education altogether
- unexplained changes in behaviour or personality (chaotic, aggressive, sexual)
- mood swings, volatile behaviour, emotional distress
- self-harming, suicidal thoughts, suicide attempts, overdosing, eating disorders
- drug or alcohol misuse
- getting involved in crime
- police involvement, police records
- involved in gangs, gang fights, gang membership
- injuries from physical assault, physical restraint, sexual assault.

## Appendix 2

### **Forced Marriage (FM)**

This is an entirely separate issue from arranged marriage. It is a human rights abuse and falls within the Crown Prosecution Service definition of domestic violence. Young men and women can be at risk in affected ethnic groups. Whistle-blowing may come from younger siblings. Other indicators may be detected by changes in adolescent behaviours. Never attempt to intervene directly as a school or through a third party. Always call either the Contact Centre or the Forced Marriage Unit 020 7008 0151.

### **Female Genital Mutilation (FGM)**

It is essential that staff are aware of FGM practices and the need to look for signs, symptoms and other indicators of FGM.

#### **What is FGM?**

It involves procedures that intentionally alter/injure the female genital organs for non-medical reasons.

#### **4 types of procedure:**

- Type 1 Clitoridectomy – partial/total removal of clitoris
- Type 2 Excision – partial/total removal of clitoris and labia minora
- Type 3 Infibulation entrance to vagina is narrowed by repositioning the inner/outer labia
- Type 4 all other procedures that may include: pricking, piercing, incising, cauterising and scraping the genital area.

Why is it carried out?

Belief that:

- FGM brings status/respect to the girl – social acceptance for marriage
- Preserves a girl's virginity
- Part of being a woman / rite of passage
- Upholds family honour
- Cleanses and purifies the girl
- Gives a sense of belonging to the community
- Fulfils a religious requirement
- Perpetuates a custom/tradition
- Helps girls be clean / hygienic
- Is cosmetically desirable
- Mistakenly believed to make childbirth easier

#### **Is FGM legal?**

FGM is internationally recognised as a violation of human rights of girls and women. It is **illegal** in most countries including the UK.

#### **Circumstances and occurrences that may point to FGM happening are:**

- Child talking about getting ready for a special ceremony
- Family taking a long trip abroad

- Child's family being from one of the 'at risk' communities for FGM (Kenya, Somalia, Sudan, Sierra Leon, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia and Pakistan)
- Knowledge that the child's sibling has undergone FGM
- Child talks about going abroad to be 'cut' or to prepare for marriage

Signs that may indicate a child has undergone FGM:

- Prolonged absence from school and other activities
- Behaviour change on return from a holiday abroad, such as being withdrawn and appearing subdued
- Bladder or menstrual problems
- Finding it difficult to sit still and looking uncomfortable
- Complaining about pain between the legs
- Mentioning something somebody did to them that they are not allowed to talk about
- Secretive behaviour, including isolating themselves from the group
- Reluctance to take part in physical activity
- Repeated urinal tract infection
- Disclosure

### **The 'One Chance' rule**

As with Forced Marriage there is the 'One Chance' rule. It is essential that The Winston Churchill School staff take action **without delay** and make a referral to children's services. All staff are legally required to report cases to the police (Mandatory reporting of FGM: procedural information 2015 / last updated 2020). Failure to do so will result in disciplinary measures and could ultimately lead to them being barred from working.

### **Domestic Abuse**

Domestic abuse represents one quarter of all violent crime. It is actual or threatened physical, emotional, psychological or sexual abuse. It involves the use of power and control by one person over another. It occurs regardless of race, ethnicity, gender, class, sexuality, age, religion, mental or physical ability. Domestic abuse can also involve other types of abuse.

We use the term domestic abuse to reflect that a number of abusive and controlling behaviours are involved beyond violence. These include: slapping, punching, kicking, bruising, rape, ridicule, constant criticism, threats, manipulation, sleep deprivation, social isolation, and other controlling behaviours all count as abuse. The signs and symptoms of a child suffering or witnessing domestic abuse are similar to other forms of abuse or neglect.

### **Domestic Abuse**

How does it affect children?

Children can be traumatised by seeing and hearing violence and abuse. They may also be directly targeted by the abuser or take on a protective role and get caught in the middle. In the long term this can lead to mental health issues such as depression, self-harm and anxiety.

### **What are the signs to look out for?**

Children affected by domestic abuse reflect their distress in a variety of ways. They may change their usual behaviour and become withdrawn, tired, start to wet the bed and have behavioural difficulties. They may not want to leave their house or may become reluctant to return. Others will excel, using their time in your care as a way to escape from their home life. None of these signs are exclusive to domestic abuse so when you are considering changes in behaviours and concerns about a child, think about whether domestic abuse may be a factor.

### **What should I do if I suspect a family is affected by domestic abuse?**

To talk through your concerns call the Surrey Domestic Abuse Helpline on 01483 776822 or talk to your local outreach service.

Your Sanctuary Outreach Service Covering Woking, Runnymede and Surrey Heath - 01483 776822

### Appendix 3

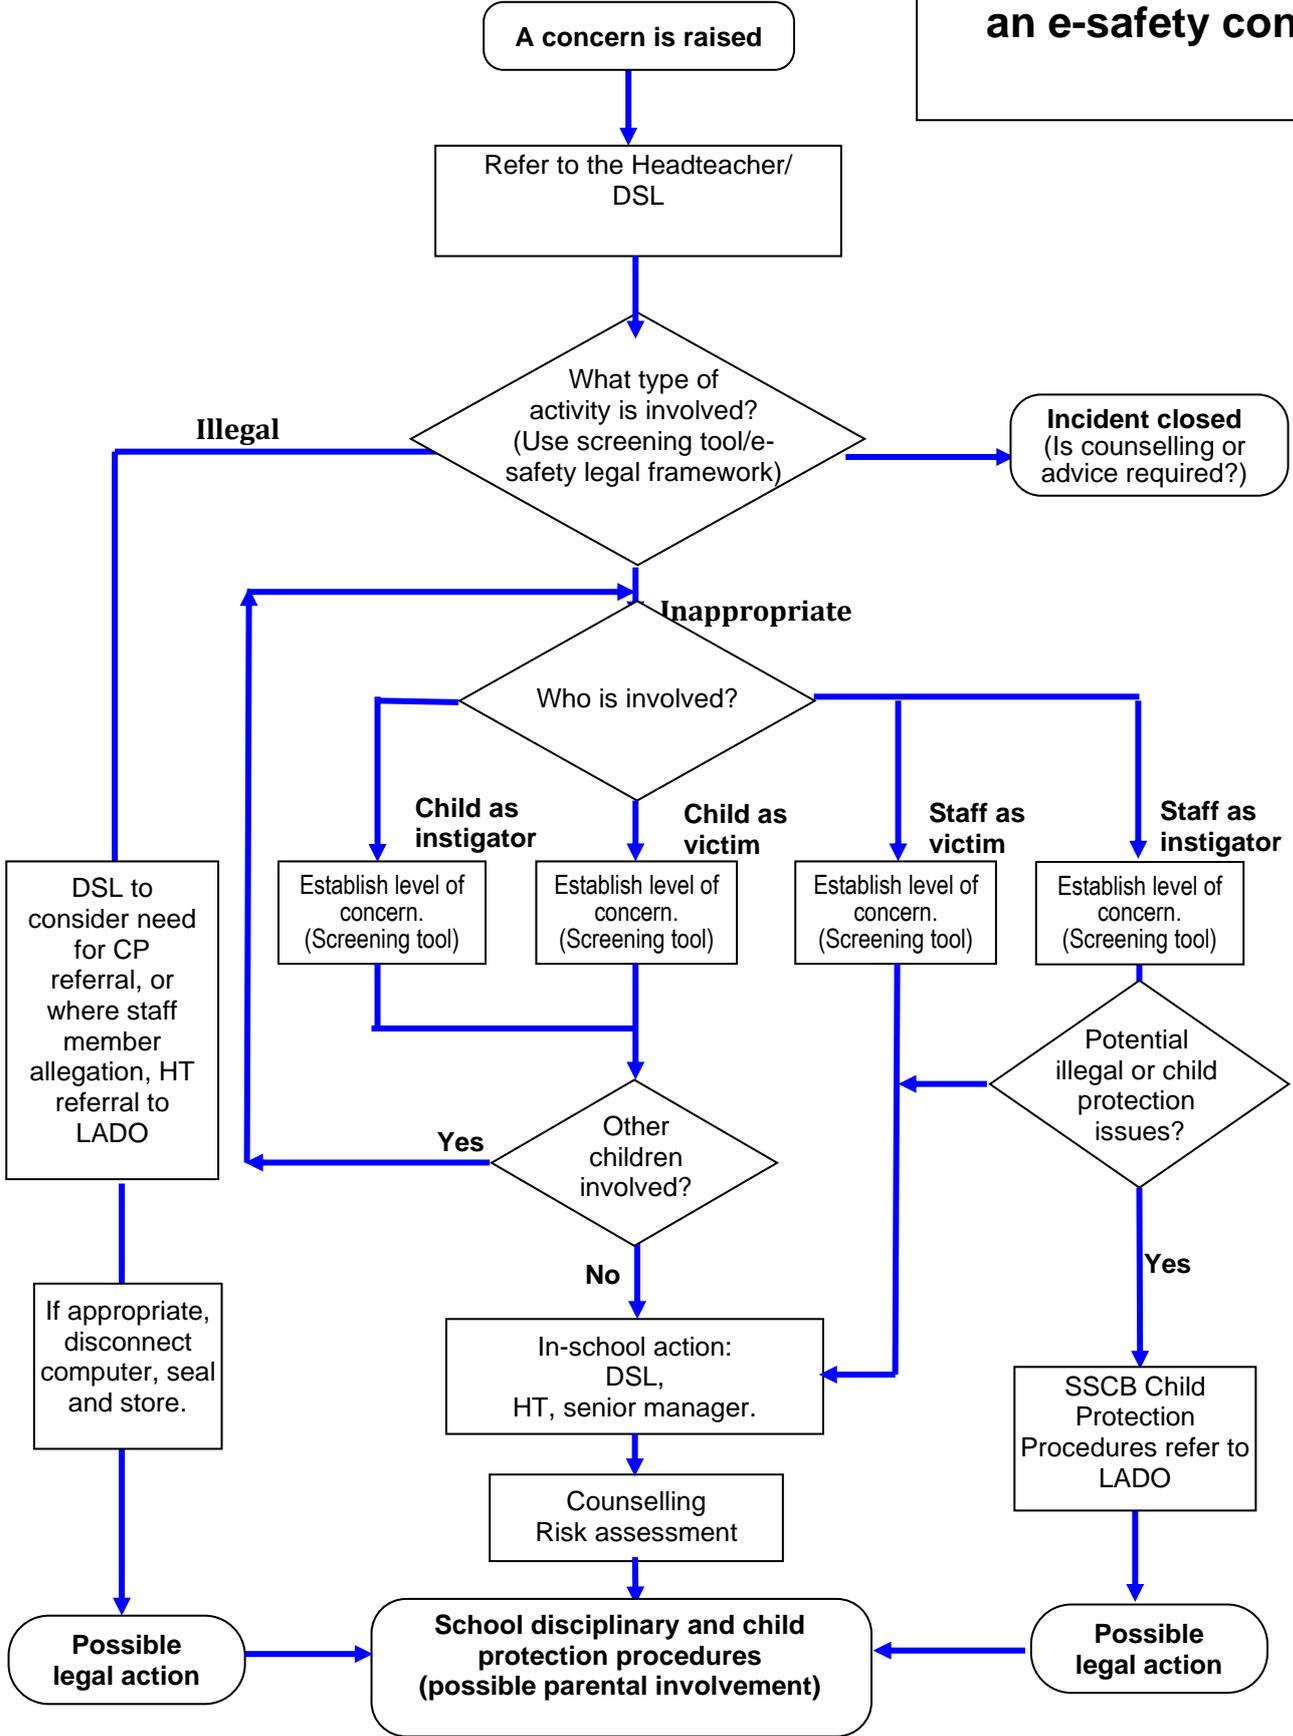

#### INDICATORS OF VULNERABILITY TO RADICALISATION

1. Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.
2. Extremism is defined by the Government in the Prevent Strategy as:  
Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
3. Extremism is defined by the Crown Prosecution Service as:  
The demonstration of unacceptable behaviour by using any means or medium to express views which:
  - Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
  - Seek to provoke others to terrorist acts;
  - Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
  - Foster hatred which might lead to inter-community violence in the UK.
4. There is no such thing as a “typical extremist”: those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.
5. Students may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.
6. Indicators of vulnerability include:
  - Identity Crisis – the student is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
  - Personal Crisis – the student may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;
  - Personal Circumstances – migration; local community tensions; and events affecting the student country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
  - Unmet Aspirations – the student may have perceptions of injustice; a feeling of failure; rejection of civic life;
  - Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
  - Special Educational Need – students may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.
7. More critical risk factors could include:
  - Being in contact with extremist recruiters;
  - Accessing violent extremist websites, especially those with a social networking element;
  - Possessing or accessing violent extremist literature;

- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.
