

The Winston Churchill School

ANTI - BULLYING POLICY

Review by:	Senior Leadership Team
Adopted by the SLT/Full Governing Body:	June 2020
Next review:	June 2022

General statement

The Winston Churchill School believes that every student and member of staff has the right to be happy and feel safe at school. The school is committed to safeguarding all members of the school community, both students and adults and we expect all staff and volunteers to share this commitment, which is integral to the school ethos and values.

No student or adult deserves to be bullied and bullying of any kind will not be tolerated. Students are constantly encouraged to confide in someone, no matter who and understand explicitly that bullying is not something they have to endure and has no part to play in the life at The Winston Churchill School.

Definition

Bullying is behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically, verbally or emotionally. Bullying can take many forms (for instance, cyber-bullying via text messages or the internet), and is often motivated by prejudice against particular groups, for example on grounds of race, religion, gender, sexual orientation, or because a student is adopted or has caring responsibilities. It might be motivated by actual differences between students, or perceived differences.

A person is bullied when he or she has difficulty defending himself or herself and where there is an imbalance of power or strength. (Olweus, 1999)

Aim

Our aim is to provide an environment where all students and staff feel safe. We recognise that all forms of bullying, especially if left unaddressed, can have a devastating effect on individuals; it can create a barrier to learning and serious consequences for mental wellbeing. By effectively preventing and tackling bullying, our school aims to create a safe environment where students are able to learn and fulfil their potential. We adhere to the 10 key principles outlined by the Anti-bullying Alliance (appendix 3).

Objectives

- To understand what bullying is;
- To recognise and report any kind bullying;
- To understand the school's response to a bullying report;
- To know where to seek help and support (both in and out of school);
- To follow the policy guidelines if bullying is suspected.

Bullying can be:

- Emotional being unfriendly, excluding, tormenting (e.g. hiding books, threatening gestures) or being forced to do things;
- Physical pushing, kicking, hitting, spitting, punching, money or property taken or damaged. Any use of violence;
- Verbal name-calling, sarcasm, spreading rumours, teasing;
- Cyber All areas of internet such as email and internet chat room misuse, mobile threats by text messaging and phone calls, misuse of associated technology, i.e. camera and video facilities;
- Racist racial taunts, graffiti, gestures;
- Sexual unwanted physical contact or sexually abusive comments;
- Homophobic /Transphobic because of, or focussing on the issue of sexuality;
- Indirect including the exploitation of individuals

Other vulnerable groups include children looked after, traveller groups, children with disability or ability, children with SEND, children from ethnic minorities and/or religious groups.

Cyber-bullying

Widespread access to technology provides a medium for 'virtual' bullying, which can occur in or outside school. Cyber-bullying is a different form of bullying which can happen 24/7, with a potentially bigger audience, and more accessories as people forward on content at a click. (DFE Dec 2011).

Responding to bullying:

It is likely, if appropriate, that the following steps will be taken when dealing with all incidents of bullying reported to the school:

- If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached or witnessed the concern.
- The school will provide appropriate support for the person being bullied – making sure they are not at risk of immediate harm and will involve them in any decision making, as appropriate.
- The Year Team / Designated Safeguarding Lead (DSL) will interview all parties involved.
- The DSL will be informed of all bullying issues where there are safeguarding concerns.
- The school will speak with and inform other staff members, where appropriate.

- The school will ensure parents/carers are kept informed about the concern and action taken, as appropriate and in line with child protection and confidentiality policies.
- Support and if appropriate, sanctions will be implemented as appropriate
- If necessary, other agencies may be consulted or involved, such as the police, if a criminal offence has been committed, or other local services including early help or children's social care, if a child is felt to be at risk of significant harm.
- Where the bullying of or by pupils takes place off school site or outside of normal school hours (including cyberbullying), the school will liaise with parents, outside agencies (eg police), other schools if necessary, to ensure that the concern is fully investigated.
- Appropriate action will be taken, including providing support and implementing sanctions in school in accordance with this policy and the school's behaviour policy.
- A clear and precise account of bullying incidents will be recorded by the school in accordance with existing procedures.
- Students will be offered the opportunity to meet with a wellbeing mentor as a means of supporting the individual
- If required, students will be given an opportunity to receive the Kidscape 'Bullying Intervention Training (B.I.T). In very serious cases the school will refer the victim to ZAP (an intensive course run by KIDSAPE);
- **Restorative approaches to resolve issues are at the heart of the school's work.** It is essential that individuals accept responsibility for their behaviour and reflect on the impact that the behaviour has on others. However, sanctions are severe for those repeated offenders who do not comply with advice, guidance, support and intervention. Such sanctions include periods of exclusion and subsequent intervention from the Head teacher and governing body;
- The police will be involved as and when deemed appropriate;
- Each case will be evaluated and monitored to ensure repeated incidents of bullying do not take place.

Roles and responsibilities

- The Head teacher has overall responsibility for the policy and its implementation.
- Two Assistant Head teachers (Lead DSLs) are responsible for linking the policy to The School Development Plan and ensuring it is implemented across the whole school, coordinating and training the student Anti-Bullying Committee (the A.B.C.) analysing data, and liaising with outside agencies.
- The Senior Leadership Team is responsible for implementing the policy and supporting the respective Year Leader who they line manage.
- The Year Team and key stage managers are key members of staff involved in any initial investigations. They will interview the student experiencing bullying, alleged bully/bullies and any witnesses and collect statements of evidence to inform the decision-making process. In agreement with a member of the Senior Leadership Team, they will contact the parents of those involved and prescribe the course of action and report the incident, with resolution on the School's Information and Management System (SIMS).
- Tutors will be involved at all levels and will monitor progress daily.
