Important information: General qualifications entries

The Secretary of State for Education has recently confirmed that summer exams for GCSE, AS and A level in 2021 will be cancelled but the qualifications and grades that students have worked hard for will still be awarded. Whilst the final arrangements for assessment of GCSE, AS and A levels in Summer 2021 are continuing to evolve, Awarding Organisations will be investing in training, assessment materials and quality assurance processes to support you in making your teacher assessment decisions. We will work closely with you and provide all the support you need to ensure that students receive grades this Summer that fairly reflect what they know, understand and can do.

We are aware that the entry deadline is rapidly approaching and it is important that you make entries as usual by **21 February** to ensure that students receive their qualification grades this Summer. Schools and colleges must make entries to the relevant Awarding Organisation for the specification that your students have studied.

We know that schools have been under many pressures and we work very hard to keep our fees competitive and provide market-leading support.

We'd like to reassure you that we are monitoring closely the impact of arrangements as they finalise, and as with this past Summer, we will be passing on any net savings, where they exist, to you after the Summer assessments.

We will continue to develop a full range of support to help you navigate through the changes to the 2021 series and would like to thank you for your patience at this time.

Glossary

Ad hoc inspection fees

Please note that all centres will be subject to periodic ad hoc inspections during the conduct of the examinations. These are to ensure that the examinations are being administered correctly. Every effort will be made to minimise expenditure but the cost of these inspections will be re-charged to the centre by the inspecting authority as part of quality assurance.

Late Fees

The late fee charged, is based on the unit fee for the qualification. From the late fee date, the entry (unit or subject) fee is doubled. The entry fee is trebled after the high late fee date.

Changes to entries

You will not be charged a late fee for changing candidate details, such as name amendments unless a certificate has been issued. All tier or option changes will be classified as an amendment. For these cases the amendment deadline will apply.

Refunds

If you withdraw an entry before the high late fee date, you will be refunded the entry fee. After this date, you will not be issued with a refund unless you can provide supporting medical evidence that the candidate could not complete the unit/s.
